QUICK FACTS

JULIA is renowned as one of the world's most wear resistant turfgrasses. Testing across a wide range of environments has shown that wherever you need a Kentucky bluegrass that will stand up to hard use, Julia is a top choice. It is an excellent choice for sports fields, golf course fairways and other high traffic areas where durability is essential.

ADAPTATION

JULIA is an excellent choice for use in elite Kentucky Bluegrass blends for sports turf, landscaping, or on golf course fairways, tees and roughs. It can be utilized in polycultures mixtures (maintained at moderate height) containing improved perennial ryegrass, chewing, hard, sheep, strong creeping red, and tall fescues.
